Management Team

This team possesses an extensive breadth of Long Term Care experience in managing skilled nursing facilities and pioneering related industry technologies.

Andrew J. Morris, President and CEO has been involved in the residential long-term care industry of over 30 years. His affiliations include Huntington Convalescent Home, Cross Roads Nursing Center, Jemco Services, Inc. Older American Care Corporation, IHS at Briarcliff Haven Subacute and Rehab, Capital Care Mgt. Company and Reliable Health Care Mgt. His diverse experience includes the following domains: Licensed Nursing Home Administrator with full responsibility, VP of Operations, Medicare Director for a chain of 75 skilled nursing facilities in the southeast responsible for the training, billing and A/R for these facilities. In addition, Morris is founder and owner of three healthcare companies: Medeasy, Inc. a software company that develops various software applications designed specifically for skilled nursing facilities; Reliable Health Care Mgt. that currently operates and manages 8 health care centers in north Georgia, and Reliable Rehab Associates that provides therapy and rehabilitation services to health care centers. Morris presents a blend of education and training revolving around health care and is licensed in the states of Tennessee and Texas. Serving health care centers for over 30 years in varying capacities, Morris is an expert in Medicare & Medicaid rules and regulations regarding these centers. He recently transformed the company into an ESOP and remains CEO.

Brad Bilbo, Chief Operating Officer, directs all operational initiatives and joined Reliable Health Care Mgt. in 2013. Prior to joining Reliable, Brad was a Regional Vice President where he was responsible for the operation of 9 to 13 skilled nursing facilities. He is also a Licensed Nursing Home Administrator. Brad previously served on the Georgia Health Care Associations Board of Directors and completed American Health Care Association's Future Leaders program in 2010.

Maxine McCullar, Chief Compliance Officer, manages and directs the company compliance program. She previously served as Medicare Consultant and Director of Ancillary Services for a large chain of 75 facilities, and as a Licensed Nursing Home Administrator in various health care centers in Georgia. Prior to working with Reliable Health Care Mgt., Maxine was Executive Director of Emory's Budd Terrace health care facility in Atlanta. Maxine is a seasoned expert opening startup businesses in the health care domain including a hospice company and a portable x-ray company. An organized and a very capable leader, Ms. McCullar is widely respected by her peers, administrators, employees, families and residents. Maxine has been with Reliable Health Care since 2003.

Carla Pence, AR Specialist, has comprehensive experience in long term care with financial services. She is experienced in many levels of financial services ranging from bookkeeper to regional director of reimbursement. Proficient in navigating Medicare and Medicaid, she acts as a consultant, corporate trainer and mentor to bookkeepers in the long term care industry.

Angelena M. Hehn, RN, BSN, Chief Nursing Officer, has experience in cardiac care and intensive care units in the hospital setting, home health care as both field nurse and management nurse and has experience in every nursing function in a health care center. Her experience in health care centers is extensive as C.N.A., charge nurse, treatment nurse, MDS coordinator, ADON, Director of Nursing and Nursing Home Administrator. Ms. Hehn is accomplished in the nursing and operational functions of a health care center. She is well suited to guiding the nursing team with regulatory and policy compliance with clinical excellence. She also has co-developed software that is used as a risk management tool in long term care facilities.

Michael Knight, Director of Information Technology, is well versed in the challenges long-term care facilities' face with their current network infrastructure. Michael is responsible for troubleshooting network issues, hardware design, repair and maintenance for computer systems and networks. He is a Microsoft Certified Systems Engineer.

Caron Schabort, Executive Director of Reliable Rehab Associates, is a registered and licensed Occupational Therapist. She has a baccalaureate degree in Occupational Therapy and 13 years of clinical administrative experience in the provision of rehabilitation services in long term care. Under her leadership, therapy services are efficient and cost effective while ensuring a high quality of care for our residents.
