Management Team

This team possesses an extensive breadth of Long Term Care experience in managing skilled nursing facilities and pioneering related industry technologies.

Andrew J. Morris, President and CEO has been involved in the residential long-term care industry of over 30 years. His affiliations include Huntington Convalescent Home, Cross Roads Nursing Center, Jemco Services, Inc. Older American Care Corporation, IHS at Briarcliff Haven Subacute and Rehab, Capital Care Mgt. Company and Reliable Health Care Mgt. His diverse experience includes the following domains: Licensed Nursing Home Administrator with full responsibility, VP of Operations, Medicare Director for a chain of 75 skilled nursing facilities in the southeast responsible for the training, billing and A/R for these facilities. In addition, Morris is founder and owner of three healthcare companies: Medeasy, Inc. a software company that develops various software applications designed specifically for skilled nursing facilities; Reliable Health Care Mgt. that currently operates and manages 8 health care centers in north Georgia, and Reliable Rehab Associates that provides therapy and rehabilitation services to health care centers. Morris presents a blend of education and training revolving around health care and is licensed in the states of Tennessee and Texas. Serving health care centers for over 30 years in varying capacities, Morris is an expert in Medicare & Medicaid rules and regulations regarding these centers. He recently transformed the company into an ESOP and remains CEO.

Janice M. Morris, LPN, Director of MDS Documentation, possesses a blend of education and training revolving around health care. As a licensed nurse and Nursing Home Administrator and co-founder of Reliable Health Mgt., she has worked in health care centers for over 20 years. Her experience includes: Sun Health Care formerly located in Albuquerque, NM and Five Star Quality Care located in Boston, MA serving as their National Medicare Help Source & Director of MDS. Currently she serves as Reliable Health Care's corporate MDS Coordinator/Trainer and as the in-house Medicare Consultant for all of Reliable's health care centers. As an expert in this field, her talent is utilized to benefit all MDS Coordinators.

Maxine McCullar, Chief Operating Officer, drives operational priorities and is leading the company's "culture change" initiatives. She previously served as Medicare Consultant and Director of Ancillary Services for a large chain of 75 facilities, and as a Licensed Nursing Home Administrator in various health care centers in Georgia. Prior to working with Reliable Health Care Mgt., Maxine was Executive Director of Emory's Budd Terrace health care facility in Atlanta. Maxine is a seasoned expert opening startup businesses in the health care domain including a hospice company and a portable x-ray company. An organized and a very capable leader, McCullar is widely respected by her peers, administrators, employees, families and residents. Maxine currently serves on The Board of Nursing home Administrators for the state of Georgia.

Bart Miller, Chief Financial Officer, has extensive experience in the financial sector of the long-term care industry. Prior to coming to Reliable Health Care Management, Miller worked with Peach Health Care Systems, HCR Manor Care, HealthPrime Inc., Capital Care Mgt., IHS at Briarcliff Haven Subacute and Rehab, and Mutual of Omaha. His numerous roles include: Senior Field Auditor, President, Medicare Consultant, Controller and Sr. Reimbursement Analyst. He has produced cost reports for over 160 health care centers during his career.

Carla Pence, AR Specialist has comprehensive experience in long term care with financial services. She is experienced in many levels of financial services ranging from bookkeeper to regional director of reimbursement. Proficient in navigating Medicare and Medicaid, she acts as a consultant, corporate trainer and mentor to bookkeepers in the long term care industry.

Angelena M. Hehn, RN, BSN, Director of Clinical Services, has experience in cardiac care and intensive care units in the hospital setting, home health care as both field nurse and management nurse and has experience in every nursing function in a health care center. Her experience in health care centers is extensive as C.N.A., charge nurse, treatment nurse, MDS coordinator, ADON, Director of Nursing and Nursing Home Administrator. Ms. Hehn is accomplished in the nursing and operational functions of a health care center. She is well suited to guiding the nursing team with regulatory and policy compliance with clinical excellence. She also has co-developed software that is used as a risk management tool in long term care facilities.

Charlie Hehn, CEO of Medeasy, has over 20 years of business management and sales experience devoted to improving a company's operational excellence in the foodservice, petroleum, service, construction industries, long term care and real estate professions. He has successfully transitioned companies' manual information systems and job functions to automated systems designed to streamline administrative functions. His understanding of the demands placed on long term care staff prompted his co-development of software that is used as a risk management tool in long term care facilities.

Michael Knight, Network Administrator, is well versed in the challenges long-term care facilities face with their current network infrastructure. Michael is responsible for troubleshooting network issues, hardware design, repair and maintenance for computer systems and networks. He is a Microsoft Certified professional.

Caron Schabort, Executive Director of Reliable Rehab Associates, is a registered and licensed Occupational Therapist. She has a baccalaureate degree in Occupational Therapy and 13 years of clinical administrative experience in the provision of rehabilitation services in long term care. Under her leadership, therapy services are efficient and cost effective while ensuring a high quality of care for our residents.
